

SirsiDynix MobileStaff

MobileStaff allows the flexibility to move around your school building using your phone, tablet (Android or Apple), Chromebook or laptop and still have most of the functionality found within Symphony circulation. You may also use MobileStaff through a website on any computer with a browser if you don't have the Workflows software on that computer.

Major features:

- ☐ Checkout, checkin and renewals
- ☐ Holds pull list
- ☐ Inventory, including finding items misshelved
- ☐ Offline mode
- ☐ Weeding tool with one-click checkout to discard status

The **MobileStaff app** can be downloaded at:
